SELECTED CASE STUDIES

PERSONAL BRAND GROWTH

Instagram · organic audience building

Built an Instagram audience to 30K+ organic followers using short-form content, trend tracking and iterative creative testing.

30K+ organic followers

COMMUNITY & CUSTOMER SUPPORT

United Tech · Consumer apps and games

Ran community engagement and customer support alongside product work — answering players, triaging issues, and feeding recurring complaints and requests back into the roadmap as prioritized product changes.

Support & community feedback → product decisions
